MBC offers a unique dining and brewery experience by commemorating the days of old; a time when hard work and grounded values were the norm. Pioneering settlers, coal miners, steel workers and the hands that shaped our city and state shared a philosophy of determination and quality. We commit ourselves to showcase that special piece of history in our facility, and to showcase that same determination in our high-quality products and in our service. Quality ingredients, dedication to satisfaction, and "good people serving good people" is the row we'll hoe.
